

DIO FAMILY BUSINESSES

The following businesses are run by Dio families who we encourage you to support

www.bigbloom.org

The global Big Bloom initiative is now coming to New Zealand and for the first event from 10-13 November we have partnered with Eat My Lunch. Big Bloom is a “hackathon for good” with participants working for the benefit of a non-profit / social project. During 3 online sessions, participants brainstorm in teams on a problem faced by the social enterprise and propose solutions. To guide them along the Design Thinking method that is used to generate solutions, each team is supported by a professional coach and a graphic designer. The 1st NZ hackathon will be run by experienced leadership coaches from Singapore and Hong Kong. Big Bloom provides a unique platform offering employees a high-quality and meaningful Learning & Development programme that focuses on developing empathy, problem-solving, creativity, collaboration and communication skills while accelerating social innovation. For more details please contact gergana.david@bigbloom.org
